POLITICAL PARADE

By CLEM WHITAKER

The state legislature went on the warpath this week against bureaucracy, regimentation, incipient totalitarianism—and all attempts by government boards and bureaus to assume "czaristic control over California citizens!"

Wrathy over asserted appointments of "pinks" and radicals to high public offices, and even more irked by "dictatorial tactics" of state agencies, an "anti-regimentation bloc" steamed into action on several fronts.

Two immediate effects of the drive to put a halter on allegedly arrogant and autocratic state officials, it was indicated, will be as follows:

1.—Legislative approval of a proposed constitutional amentment authored by Senator Jesse Mayo of Calaveras county, making the great majority of Governor Olson's appointments to state boards and commissions subject to Senate confirmation. This proposal, which would require approval of the people, already has passed the upper house by a vote of 29 to 5 and is now pending in the Assembly.

2.—Enactment of a series of bills to prevent boards and bureaus from issuing rules and regulations which exceed their legislative authority and which permit them to "dictate" to the firms and individuals who come under their supervision. One such bill, for example, would require that all rules laid down by state agencies must receive the approval of the Attorney General before they became operative. Another would require that all such regulations be filed with the Secretary of State so that they are open to public inspection.

The so-called "anti-regimentation bloc," now a potent force in both houses of the legislature, actually came into being as the result of an impassioned speech made by San Joaquin county's veteran lawmaker, Senator Bradford S. Crittenden, demanding the creation of a board of arbitration for meat inspection disputes. Senator Crittenden, a son of the soil, who doesn't care a tinker's dam for pompous officialdom denounced bureaucracy in all its forms, and asserted: "This is but the beginning of a huge protest against attempted regimentation by boards and commissions." Thereupon Senator Jack Metzger of Red Bluff jumped into the fray with a denunciation of bureaus which seek to rule by czaristic methods. And the anti-regimentation drive was born forthwith.

Where it will end nobody knows, but pint-sized, often loud-spoken bureaucrats, already are pulling in their horns. The boys from the "cow counties" are not to be tampered with!

The Sigma Sigma club will meet, March 25 at the home of Eunice Phelps, Moore avenue. Evelyn Benson is cohostess. Those desiring transportation should meet at the home of Erma Sanders on Campbell avenue at 7:30.

BOYS' JINKS OFFERS MANY GOOD FIGHTS

On Friday, March 21, the Boys' Athletic club of Campbell High school will present the annual Boys' Jinx in the high school gym at 7:30.

Highlight of the boxing events will be the bout between Buccellato and Mestice, in which the skills of the latter will be balanced by a handicap of more than 40 pounds. Another good match will take place when Alvin Hartley, who has appeared in the last two Boys' Jinx, will meet the fast and hefty opposition of Jack Fox.

The wrestling matches come as a climax after a season of training in connection with Campbell's wrestling program. The match between Sanfilippo and Mancuso, semi-finalists, should offer plenty of excitement. The unlimited contest between Lee Barton and Keith Wilson will also feature two very capable boys.

The wrestling matches are as follows: Uchiyama vs. Toyama; Sakamoto vs. Sloan; Faria vs. Benech; Johnson vs. De Rose; Kennedy vs. Horton; Mancuso vs. Sanfilippo; Barton vs. Wilson.

Among the boxing matches are: Castello vs. Hiatt; Putney vs. Hall; J. Miranda vs. Calloway; Hughes vs. Sciortino; Hartley vs. Fox; Sanford vs. Garcia; Payne vs. McCorkle; Buccelloto vs. Mestice.

This annual event, sponsored by the Boy's Athletic club, is for the purpose of raising money toward providing for insurance protection for participants in the various branches of the school's athletic program. Campbell High is the only school in the Valley League that offers such a system of insurance.

There are three surviving children, Douglas Lawson and Mrs. Opal Ramsey, residing in Campbell, and Mrs. Laura Hoffman of Searcy, Ark.

Mrs. Merlin J. Bohnett of Rincon avenue was hostess Saturday to her bridge eightsome. Campbell Wins Games in Final Basketball Series

The Campbell Union High school basketball teams ended their 1941 season very successfully by defeating the Mountain View Eagles 33 to 27 in the unlimited contest, and 17-15 in the 30's game.

At the beginning of the first quarter the heavyweight game looked as if it was going to be very close but the local cagers took over early in the second quarter and it was their game from there on. The high point gatherer for the Buccaneers was Andy Livicich with 13 points, followed by Alvin Hartley with 9.

The 130 game proved to be very exciting and a hard fought tussle until the final whistle. But as usual the Campbell quint came through in the last few seconds of play to win 17 to 15. High point man was Benny Carvelho with 9 digits and next was George Silva with 5.

By winning these games the Campbell varsity ended in second place in league standings and the 130's tied for second place.

After the games Mountain View honored Campbell with a dance given in the gym. The music was supplied by phonograph records.

Sunday was the last day for customers of Cheerio Corner to be waited upon by Mr. and Mrs. Louis Ulrich and family. The new owners are Les Bringino and Joe Fasaro, who plan to operate the store under the same plan as before.

Mrs. Van Ness Delamater of Berkeley was a guest of Mrs. Lillian Voge for an extended week-end, visiting the Country Woman's club Monday. Mrs. Delamater was the first high school teacher in Campbell when she was Miss Newton.

The new home being constructed for the Robert D. Weavers on Milton avenue, is to the plastering stage and is expected to be ready for occupancy by May.

Country Woman's Club Enjoys Talk By Mrs. Ed. Blair

Mrs. Edward Blair was guest speaker on Monday at the Country Woman's club. Mrs. Blair was formerly Katherine Cooper and is the niece of Mrs. T. A. Cutting of Campbell. Mrs. Blair lived in Persia for thirteen years and gave a delightful talk on Persian arts highlighted by personal experiences and impressions of that interesting country.

"All the people of Persia are born artistic," said Mrs. Blair. "This artistic feeling is expressed in every thing they do, even in the arrangements of gayly dyed onions in the market places." She showed examples of Persian Miniatures, which are the Persian paintings, and pointed out their oustanding qualities. Persian painting is different from our own in that the picture tells a complete story. None of the artistic quality of the painting is lost, however. They are beautiful in space division, line, color, detail and show a perfection of technique. Some of the detail is so small that a magnifying glass must be used to appreciate the delicate beauty. Many lovely native textiles were also displayed by Mrs. Blair.

The musical portion of the program was provided by numbers by the Campbell High school orchestra, under the leadership of A. A. Thielke. Three numbers were beautifully interpreted. They were "In a Persian Market" by Kettleby; a portion of the "Caucasian Sketches" by Iwanou; and Kettleby's "Mystic Land of Egypt."

The club room was colorfully decorated with large arrangements of spring flowers and nondina. Persian wall hangings were placed on the walls to lend their lovely colors to the scene.

Mrs. A. W. Johnson was the chairman for the program. She was assisted by Miss W. G. Grizzle and Mrs. T. A. Cutting.

Mrs. W. R. Morgan, presided at the business meeting at which time Mrs. Ellis Crane, a new member, was introduced.

Miss Estelle Hoisholt of the art department of San Jose State college will speak at the April 7 meeting. She will talk upon and show Oriental Textiles. Mrs. F. A. Jacobson wil lbe chairman of the program.

The San Jose State College Alumni association has inaugurated a campaign in the county to add to the membership of that organization. Local committees have been named in the several towns and named for Campbell are Jack Murdock, Dorothy Curry and Elree Ferguson.

Dan Rose has applied for permission to enlarge his business premises on Central avenue, the Orchard City grocery.

Journalist To Be Speaker at Opera House Wednesday

DOROTHY THOMPSON, who will speak in San Fransico on Wednesday night, March 26, at the Opera house at 8:30 p. m., under the auspices of Town Hall, on the subject "How Secure Is Our Future?" rightly holds her place as one of the most distinguished women journalists of our time. After an obscure childhood as a Methodist minister's daughter near Buffalo and a period of social work following graduation from Syracuse university, she suddenly decided to go to Europe. Courage, initiative, and the lucky break of happening to interview Terrence MacSwiney in Ireland two hours before his arrest started her on newspaper work.

As special correspondent of the *Saturday Evening Post* in Germany, Miss Thompson swept through dictatorland. Ironically enough, just when she was trying earnestly to discover something valid and praiseworthy in the Hitler revolution, Dorothy Thompson was expelled from Germany in 1934 for an alleged "slur" on Hitler which she had made in 1931. Der Fuehrer merely succeeded in catapulting her to her by then familiar place on the front pages of the European and American press.

Miss Thompson's column, "On the Record," in the *New York Herald-Tribune*, and in more than 190 other newspapers here and in foreign cities, reveals, as does all her writing, an amazing fund of accurate facts concerning diplomacy, economics, politics, and history. A believer in true democracy and an adherent to no party platform which conflicts with her own ideas of truth and right, she is a woman of integrity and unswerving honesty.

Seats are on sale at Sherman-Clay and company.

YWCA Hula Show Friday Evening

The Y. W. C. A. of San Jose is presenting a Hawaiian Hula show on Friday, March 28 at 8 p. m. at the Roosevelt auditorium in San Jose. This is an annual affair arranged by Mrs. Eros Savage, teacher of hula and given for the benefit of the Y. W. C. A.

The show is entitled "Laka, Goddess of Coordination," and will include ancient and modern hulas with explanations as to their meaning. These will be danced by the hula classes of the "Y" with the Ko-ko-nuts orchestra assisting.

A special feature of the program will be the ever popular Johnny Allen with his famous musicians.

Tickets may be obtained for this varied and unique event by calling Miss Helen Stray of Campbell, or they may be obtained at the door.

Orchard City grange will meet Tuesday evening, March 25, when the third and fourth degrees will be conferred. At the recent meeting eight candidates were instructed in the first two degrees. Santa Clara County Pomona grange holds its next meeting Tuesday evening, April 2 in the Almaden school.

By BETTY BARCLAY

Here are a few recipes, carefully chosen with the Lenten season in mind:

Haddock Baked With Cheese

2 packages quick-frozen fillet of haddock, partially thawed
1 tablespoon minced onion
4 tablespoons butter
¼ teaspoon salt
Dash of pepper
1½ cups fine soft bread crumbs
¼ cup grated American cheese
½ cup milk

Separate fillets and cut in servings; sprinkle with salt and pepper and place in shallow baking dish. Sauté onion in butter until delicately browned. Add salt, pepper, bread crumbs and cheese, and toss lightly with fork to mix well. Spread over fillets, pressing firmly on fish. Pour milk around fish and bake in moderate oven (350° F.) 35 minutes, or until fish is cooked and crumbs are delicately browned. Serves 4.

Quick-frozen foods make it possible to have ocean - fresh fish throughout Lent, no matter how far you live from the sea. All the fresh flavor and vitamins of vegetables, fruits and sea foods are sealed in at the time of quick-freezing.

Magic Mayonnaise

⅔ cup sweetened condensed milk
¼ cup vinegar or lemon juice
¼ cup salad oil or melted butter
1 egg yolk
½ teaspoon salt
Few grains cayenne
1 teaspoon dry mustard

Place ingredients in mixing bowl. Beat with rotary egg beater until mixture thickens. If thicker consistency is desired, place in refrigerator to chill before serving. Makes 1¼ cups. This mayonnaise is always magically smooth and creamy, and will give an appetizing and delicious flavor to Lenten salads of fish and vegetables.

Hawaiian Cheese Mold

2 tablespoons unflavored gelatin
3 cups canned unsweetened Hawaiian pineapple juice
4 tablespoons sugar
¼ teaspoon salt
Juice of 1 lime
½ cup thick mayonnaise
1 cup cottage cheese

Sprinkle gelatin over one-half cup of pineapple juice. Let soak for five minutes. Add rest of pineapple juice which has been heated to the boiling point. Stir mixture until gelatin is dissolved. Add sugar, salt, and lime juice. Stir until blended. When mixture begins to thicken, place in a bowl of cracked ice and beat with a rotary egg beater until gelatin is thick and fluffy like whipped cream. Fold in mayonnaise and cottage cheese which have been mixed together.

This amount will fill a one quart mold, and four to six individual molds. Chill until firm and unmold on a large platter. Garnish with crisp greens, stuffed olives and radish roses. Serve with a tart French dressing. Yield. 12 servings.

Magic Lemon Banana Pie

1⅓ cups sweetened condensed (not evaporated) milk
¼ cup lemon juice
Grated peel 1 lemon

Stir until filling thickens. Add:

2 medium-sized bananas, cut in small pieces

Pour into 8-inch crumb crust pie shell. Cover with:

½ cup cream, whipped and sweetened with
2 tablespoons powdered sugar

Decorate top of pie with banana slices. Chill.

Drip Coffee

Plenty of hot coffee is a pleasure at Lenten meals. You can all indulge in second cups without danger of sleeping problems later on if you serve decaffeinated coffee. Remember that immaculately clean equipment is essential to good coffee, and be sure to give decaffeinated coffee, made by the pot or percolator method, slightly longer brewing than the ordinary kind.

When you use a drip pot, use one well-rounded tablespoon of drip grind decaffeinated coffee for each cup (½ pint) of boiling water. Pre-heat drip coffee pot. Put coffee in upper compartments of pot. Pour fresh, briskly boiling water over it. Cover and let stand in warm place until all water has dripped through once. Remove upper compartment and cover pot. Serve.

Students of High School to Take Part in Contest

Campbell Union High school will play an important part in the statewide public speaking contest for high school students now being conducted by the California Bankers association, according to local bankers. The theme is "The Responsibility of American Citizenship."

Among the students who will compete for the honor of representing the local school are: Corwin Cook, Glen Guttormsen, Dorothy Keesling, Barbara Knowles, Geraldine Littig, and Frank Savstrom.

The winner of the local elimination contest will compete with the representatives from other schools in the county early in April for the county title and the right to advance to the semi-final round of competition. A gold medal will be awarded the county champion.

An additional prize of a week's stay at the Sir Francis Drake Hotel in San Francisco has been provided for one of the top winners of the final contest. This award carries with it the privilege of inviting a parent or other adult companion as a guest. The ten finalists, representing every section of California, will compete for the championship in San Francisco on May 9.

Bows on Hats

Did you ever notice the tiny bow that decorates the lining or inner band of most hats, both men's and women's? Not so very long ago, hats were made in only a few sizes and a drawstring was inserted in the lining, which was tightened or loosened to fit the head. The little bow is a relic of that practice although its only purpose today is to mark the back of the hat.

The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary Agricultural Council of California

Once successful in securing special benefits by legislative enactments, the various minority groups that knock at the doors of the legislature almost invariably develop a desire for additional benefits.

The "acquisitive urge" is nowhere more pronounced than in the halls, corridors and committee rooms at Sacramento where representatives of organized minorities lie in wait for lawmakers who have the right to dispense special favors at public expense.

And in the legislature, it seems that a favor once granted is always construed as an invitation to return for a second helping at the next session. Special appropriations and special benefits, no matter how generous, seldom ever satisfy. The favored group simply develops a bigger appetite—and having once eaten at the taxpayer's table is bound to return hungrier and more demanding than before.

This circumstance, in fact, has frequently delayed the enactment of sound humanitarian legislation and needed reforms, for the legislature has learned that each time it adopts a new group of dependents it must expect to be bombarded with demands for bigger checks at each succeeding session.

Illustrative of the problem is the flood of bills at the current session of the legislature asking sharply increased benefits under the Workmen's Compensation Insurance act. Since that act was first enacted, there has never been a legislative session when labor leaders have not come back for a bigger and better "second helping." Step by step, the benefits paid injured workmen have been forced up, at constantly mounting cost to farmers and other employers who must foot the bill for insurance premiums, with the result that one group has been badly over-burdened and penalized to provide for another group which has found that it pays to maintain an effective lobby at the legislature.

Among the many bills pending at this session is A. B. 519, which is said to represent the program of the State Federation of Labor. This act seeks to amend numerous sections of the labor code to make an employer responsible where work is being performed by an independent contractor. It would make the employer a guarantor for the independent contractor and, in the event the latter failed to pay all awards within 30 days after they became due, would require the employer to pay even though he had no notice of the proceedings.

Another bill, A. B. 2017, would levy a tax (amount unstated) on employers to be used in paying inspectors of the Industrial Accident commission. Still another, A. B. 931, raises the disability payment from 65 per cent to 80 per cent of the average weekly earnings in case of temporary total disability and in case of temporary partial disability. It likewise provides that the average weekly earnings shall not be less than the actual weekly earnings at the time of the accident and that if the employe has not worked a week the actual weekly earnings will be presumed to be five and one half his daily earnings.

A. B. 1107 adds a new section to the Workmen's Compensation Insurance act to prohibit an employer from discriminating against any person in regard to hire or tenure who has previously sustained an injury, or because such person is suffering from a physical infirmity, provided he is able to perform the duties in connection with such employment.

A. B. 864 would raise the minimum average weekly earnings from $10 to $15.

A. B. 1172 permits the employe to engage a consulting physician at the expense of the employer.

A. B. 691 places the burden of proof upon the employer to establish that any disability has terminated.

There are dozens of other bills, some sound; others wholly unjustified. But the basic problem with regard to these bills, is that demands, for the most part, are not made on prineiples of reason or justice, but are predicated on what the lobbyists believe they can get.

Elman Program Next Week

The celebrated violinist, Mischa Elman, who plays in the civic auditorium, San Jose, Saturday evening, March 29, as the third event of the San Jose concert series offers a program of unusual beauty and interest. Leopold Mittman is his accompanist.

According to Bruno David Ussher, in the Los Angeles Evening Herald of last July, on the occasion of Elman's playing in the Hollywood Bowl, "Violinists come and violinists go, but Mischa Elman has remained a prime favorite . . . Elma's tone, a standard for lusciousness among violinists . . . was of that cajoling quality and there was the old flair for rhythmic verve and sweeping songfulness."

The Los Angeles critic shares the opinion with thousands, that Mischa Elman remains one of the foremost violinists of all time.
